

1 Cut out the parts and fold them along the fold lines on each.

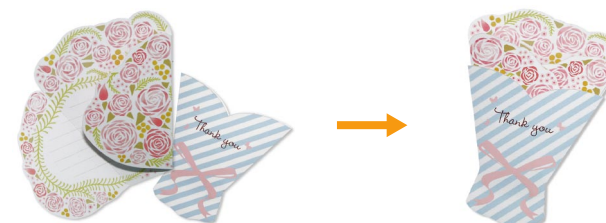

2 Turn over the card front and glue the left, center, and right pieces of the card back to it.

3 For the wrapping, attach glue tab A to the wrapping front and back so that it is sandwiched between the two, then glue the other glue tabs on the wrapping.

4 Write a nice long message on the card, fold it up, put it inside the wrapping and you're finished!
