

Donald Duck Easter Candy Box

Donald Duck Easter Candy Box: Instructions

- 1) Print the template on regular paper or cardstock and cut out the pieces. Make all folds along the dashed lines.
- 2) Using either glue or double-sided tape, close Donald's body by securing the tabs around his torso to their corresponding pieces.
- 3) Close the bottom of the candy box by securing the B tabs, followed by the C tab.
- 4) Fold each of Donald's arms in half along the dashed line so the design is two-sided. Without sticking the tabs together, secure the two sides.
- 5) Butterfly the tabs on Donald's arms, and secure them to the sides of his body. His right arm holds the egg, while his left holds the paintbrush.
- 6) Finally, fold the top dashed lines on Donald's legs toward you, and fold the lower dashed lines away from you – this will help him sit in place.
