

Merry-go-round picture castle

This is a paper craft in the shape of a castle which you turn the 3 cylindrical ramparts to the left and right to enjoy searching for numbers. Children learn the ways of thinking by looking from different angles as they peek through the holes on the walls and look at the entire castle to find the numbers from 1 to 10. Challenge with your family and friends. Pretty animals and secret treasure chest are hidden, too.

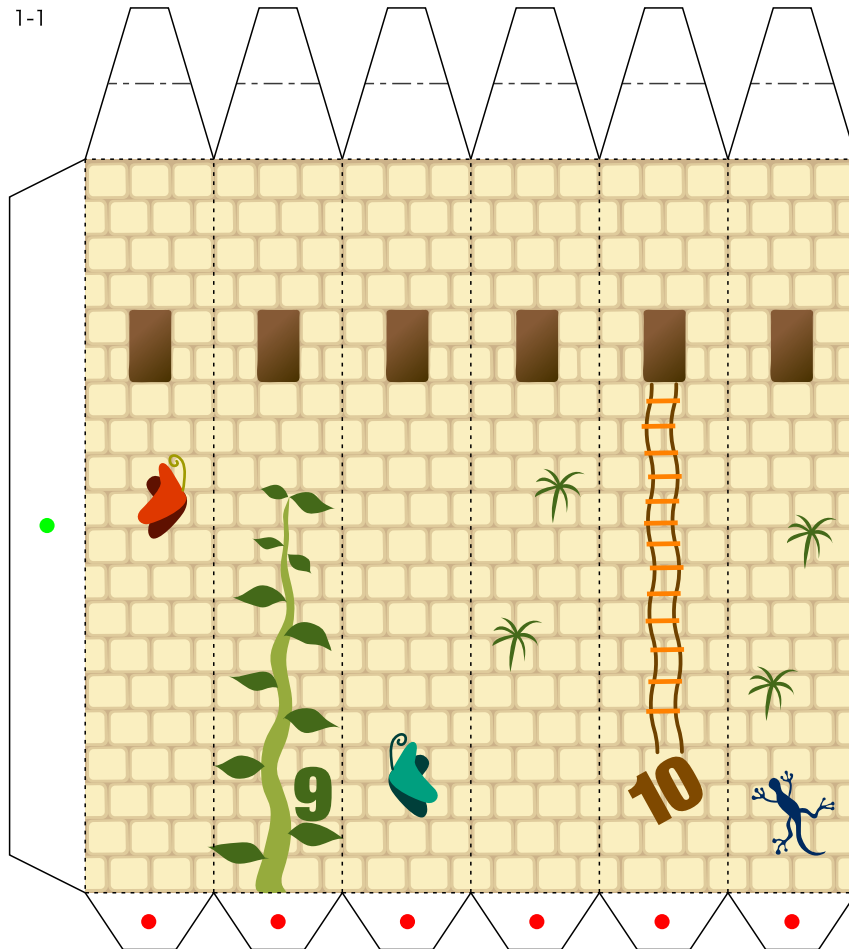

Parts list (pattern) Nine A4 sheets (No. 1 to No. 9)

No. of Parts 37

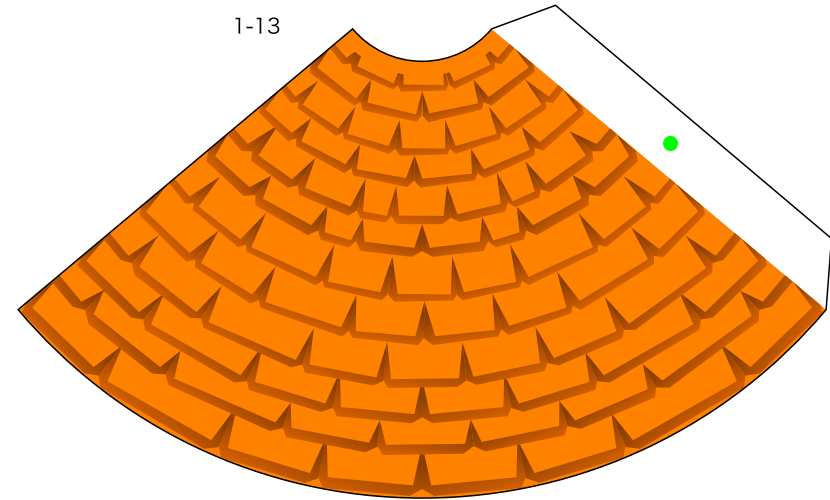

*Build this model with careful reference to the Assembly Instructions.

*This model was designed for Papercraft and may differ from the original in some respects.
